GRIZZLY SUPPLIES

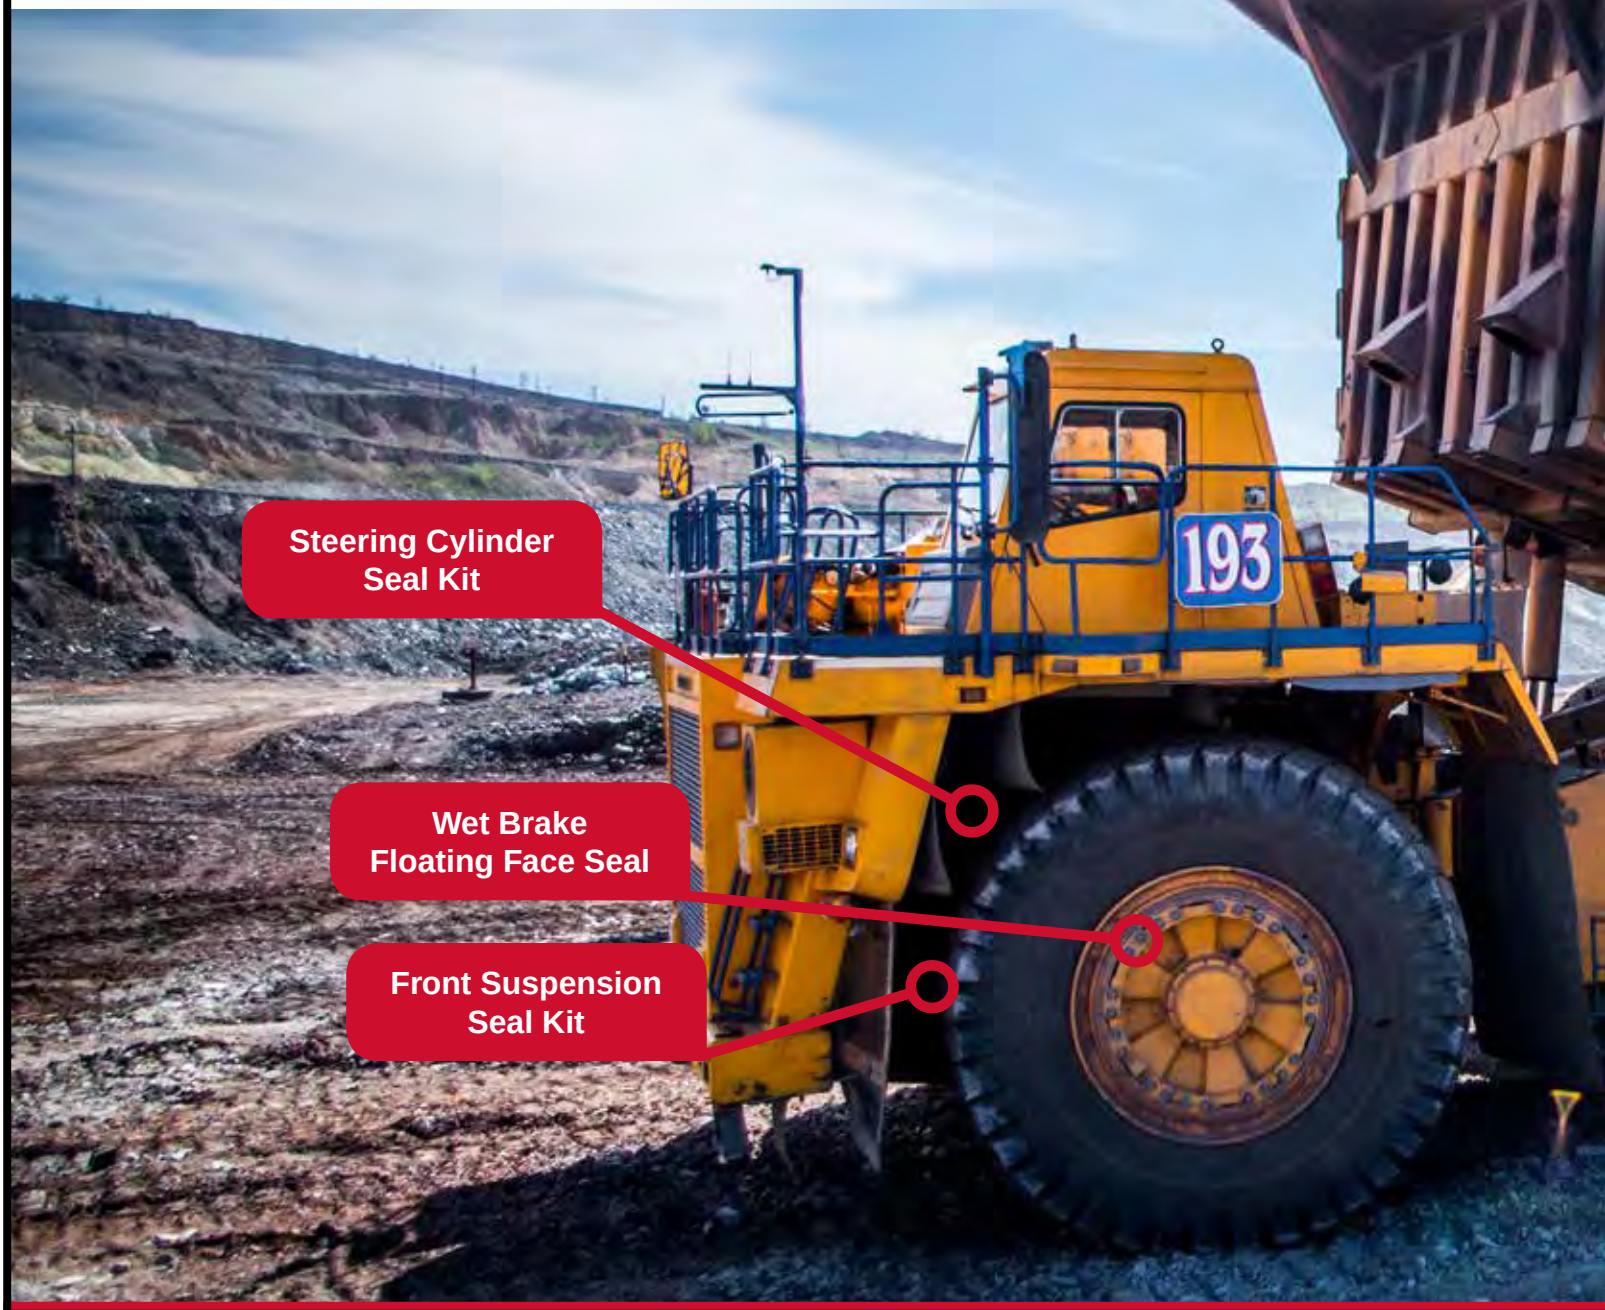
At Grizzly Supplies, we have catalogues to support you, however, we don't stop there! "Out of stock" is something you will rarely hear from our staff. Outside the box thinking enables us to come up with solutions that are unsurpassed in the mining industry. If we cannot find a direct replacement for the item you are looking for, we can customize your seals with our in-house machining capabilities.



HAUL TRUCKS

SEAL IT, MOVE IT

GRIZZLY SUPPLIES

Grizzly Supplies has THOUSANDS of Tier1 replacement kits available for the mining industry. In the rare event we don't have your kit on file we can re-create and catalogue your kit using your old sample and in many cases we can upgrade the materials to extend the life of your seals. We have a variety of materials capable of performing in the most extreme hot and cold environments. Grizzly Supplies has also worked closely with customers on specialized kitting programs.

BULLDOZERS

SEAL IT, MOVE IT

GRIZZLY SUPPLIES

With two stocking warehouses, Grizzly Supplies has one of the largest inventories of face seals in North America. Our centrifugally cast face seals are available in sizes up to 1100mm with loaders available in a variety of materials including silicone, NBR, HNBR and Viton®. Our SAP face seals are engineered to withstand harsh mining environments.

WHEEL LOADERS
